Abstracts for the following articles, which are currently “in press” in *Biological Psychiatry*, are available on our website now…

Please check http://www.elsevier.com/locate/biopsych

Abstracts are made available on our website upon acceptance. Accepted articles are listed below, and their associated abstracts are available on our website until the time of publication. Towards our goal of making information available as soon as possible, prepublication (before galley review) abstracts are posted on our website. Interested readers are encouraged to contact authors directly for information before publication and to read the associated article in its entirety upon publication.
